3-in-1 ABS Electrical & Air Assemblies

With anodized metal handles, zinc die-cast 7-way plugs, and swivel fittings made of high quality brass, the new Pro-Par 3-in-1 ABS electrical and air assemblies combine premium quality and durability - built to endure the rigors of the road.

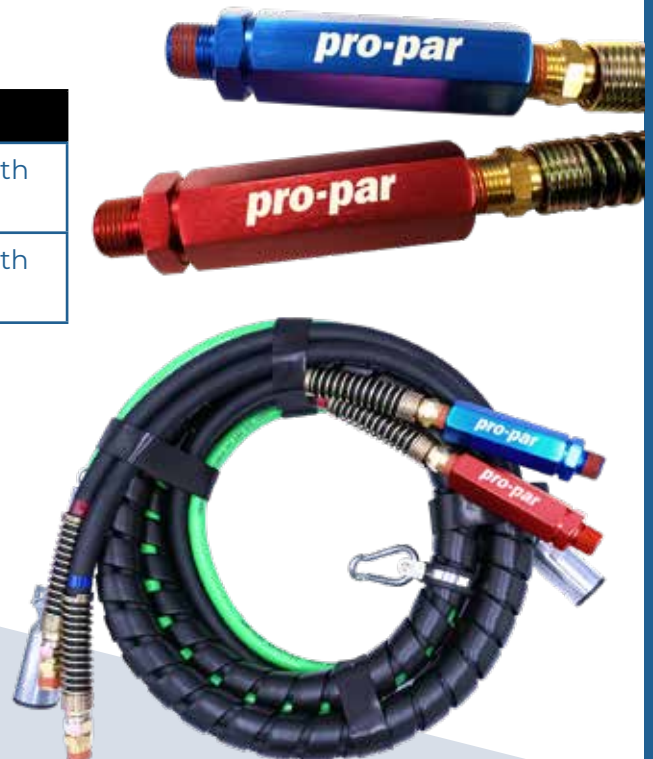

- Heavy duty spiral wrap with smoothed edges designed to minimize hose & cable wear
- Stainless steel clamp hanger included
- Individually bagged in high quality handle bags that look great and take less space in your showroom or storage area
- Meets or exceeds all DOT requirements and SAE standards

Pro-Par #	Description
