## ***New Brake Shoes***

Pro-Par new brake shoes are constructed of high quality materials and are engineered for superior strength and reliability. Structural reinforced welds guarantee that each shoe meets or exceeds the OEM specification.

Pro-Par new brake shoes are powder-coated to offer the best protection against rust-jacking.

- Salt spray resistance up to 1,000 hours
- Longer life, heat-treated ends
- Stitch welding offers superior strength
- 16 torsion welds for added durability\*
- Sheer-testing up to 3,000 lbs. of force
