## ***Brake Parts***

Pro-Par camshafts are made with precision machining that assures correct journal diameter and head/shaft concentricity. Each cam head is forged for precision sizing and strength, and induction-hardened for long life and durability. Shaft splines are machine-rolled and induction hardened for added strength and durability.

The Pro-Par Brake Parts product line includes:

- camshafts
- repair kits
- bushing kits
- camshaft brackets, bushings, seals, and washers
- brake hardware kits and more!
